3.

Description

Ushers can be dads or older brothers.

Arrive 45 minutes before the production.

Remain in the foyer to prevent early entry into the sanctuary.

Open the doors at the appropriate time (when instructed).

Hand out programs as people enter.

A few moments after the opening of the show, count the number of people in your designated section and report this number to Barb.

Students will be used to collect the offering, but one of the ushers will collect the offering from the students at the back and give to Barb.
